

2011 WORKER'S MEETING

Last January 30, workers of NCF gathered together for the annual Workers' Meeting. The afternoon started off with a simple game; a worker has to describe another worker and everyone could take a guess. It was interesting to note how a worker perceived a fellow worker. The afternoon was filled with God's grace as each ministry

and department recalled its accomplishments for last year. The year 2010 saw a lot of God's blessings; the formation of the Men's Ministry, the construction of the female comfort room, the much-attended Christmas cantata, to name a few.

For 2011, a new ministry was developed—the Follow Up Ministry under Bro. Santi Serapio. This was something that he pursued ever since he came back to NCF in the last quarter of 2010. More plans are laid out; printing of NCF welcome kit, podcasting for audio sermons and enhanced features for NCF website, hosting the Smabapalooza 2011, FUN Games (Sportsfest) with a number of

churches, mission trip to Iloilo, DVBS and the highly anticipated summer Youth Camp on April as well as the mission trip to Bicol. We can also expect to see the fencing of our vacant lot to secure our premises and other improvements to our facilities such as the new glass door, audio mixer and amplifier for better sound system. NCF will continue to be a blessing to members and attendees alike, even to other churches by hosting Joint Youth Fellowship and other activities related to special occasions.

In the end, all workers are challenged to continue experiencing the joy of serving the Lord. Being united for Jesus Christ is being one in carrying out the Great Commission.

To God be the glory!
