

A Special Feeding Day

Indigent children from the vicinities of Sampalukan and Korokan were able to partake of a special session for the Feeding Program of Novaliches Christian Fellowship last December 6, 2009.

What makes the day so special is the upsized meals the children had received compared to their usual ones. Among the blessings were food deliveries from *Jollibee*: Burger Steaks

and Spaghetts.

Sister Julie Nueva of the Feeding Program was very grateful for an anonymous donor who added greatly to the mission's fund. According to Feeding Program Head Sister Bel Figueras, around 80 children received the blessings.
