

Kiddie Bible Quiz Bee on Children's Sunday

In what river did John baptize people?

What animal did Jesus ride on during his arrival at Jerusalem?

Who was the Bible character who was thrown in the lions' den?

These questions tested the memory and mastery of NCF's Sunday school whiz kids in a Bible Quiz Bee for kids on our church's third anniversary Sunday.

Sunday school students from the kinder (5-6 years old), primary (7-8) and junior (9-12) levels were formed into teams of four by the Children's ministry, who organized the event in cooperation with the Special Events Ministry. Each team has one representative for each level.

Matthew Baldonado, IC Dantes and Edison Valdez formed Team A while Aaron Malijao, Charmaine Valdez and Micah Ponce formed Team B, Caleb Figueras, Shenarly Landingin and Vashti Nueva for Team C and Jed Gocatek, Shem Solayao and Althea Mansueto for Team D.

"This activity aimed to encourage the parents to bring their children to church, and for the children themselves to be inspired to attend Sunday school," said Sis. Edith Dantes, head of the Children's Ministry.

"We stress the need for these children to study the Word of God even at a very young age," she said.

The elimination round came early in the morning before the worship service. Each of the four teams had a "spokesperson" for the kinder kids, while the older ones are expected to write their answers on the illustration board. Wrong spelling was not tolerated for the Junior-level questions.

Team A and D tied with each other from the eliminations and went head-to-head in the clincher rounds after the preaching. The competition was so close that it took two sets of clincher questions until Team D finally got the lead.
