

## DVBS 2011 – The Lost World: Reclaiming the World for God

The sanctuary was crowded with kids from Rivera, Evamin Homes, San Diego and T.S. Cruz as NCF finally launched its Daily Vacation Bible School 2011 on April 17.

***The Lost World: Reclaiming the World for God*** DVBS program made the children understand how God created this beautiful world, how every creation was cursed because of the disobedience of Adam and Eve, how everyone has been condemned since, and how God loved us so much that He sent His only Son to die for our sins.

The purpose of the program was to equip them with God's Holy Word so that they can, as the theme said it, "Reclaiming the world for God," sharing the gospel to their friends even in their simple everyday life.

The students were around 80, where they were divided into 4 sections, according to their age groups: the Fossil Diggers (age 3-6), Dino Hunters (age 7-9), Field Researchers (age 10 – 12) and the Lab Analysts (age 13 and up). Every group had a different style of teaching which fit their corresponding ages.

They were also taught some dance moves and songs that were also part of the program. They enjoyed bonding and shared in laughter as well. Not only did they eat spiritual food, but they also got to taste the delicious food made with the untiring efforts of our cooks in the kitchen.

The staff was made up of more than 30 workers, both from the youth and the adults. We thank the Lord for providing us with sufficient manpower and materials.

A commencement exercise was held on April 22, 2011. Awards and recognitions were given to deserving students. Every student got a "certificate" as proof of completing the 5-day course of the Daily Vacation Bible School.

To God be the glory for the prosperity of the DVBS 2011! May the seeds that were sown in the hearts of the students grow and bear fruit.
