

## NCF Gives Gifts to Families

Novaliches Christian Fellowship distributes groceries to families from the indigent vicinities last December 27, 2009.

48 families, mostly from the area of Korokan, came to receive the blessings that the church was willing to share. The groceries included one-dish meals and other necessities that may help in the coming New Year celebrations. The said families also have children who were beneficiaries of NCF's regular feeding program.

Rommel Torres, one of the recipients, tells that their family receives much help from NCF, particularly in their health.

"It makes us feel glad and warm to be here at NCF. We are also glad to hear of God's Word," testifies Elizabeth Cortes, who further adds that even her child began to learn good manners and values in NCF.

Some have also come to accept Jesus Christ as Savior and Lord, such as Violeta Mendez.

"I am happy that we are being taught God's Word. I might have gone mad with the loss of my loved ones, if not for the day I knew my Lord," says Violeta as she is grateful for God's salvation.

All in all, it is good to end the year by sowing seeds of blessings, that we may also reap the harvest by God's grace this 2010.
