

A Lunch Fellowship for Men of God

Members of the newly-formed Men's Fellowship indeed met God's blessings as a sumptuous lunch accompanied their first grand meeting.

Around 25 members, many of them husbands and fathers, attended the fellowship held on Father's Day last June 20. They feasted on traditional Filipino delicacies such as *Kare-Kare*, *Pansit*, *Grilled Chicken* and *Inihaw na Bangus*, served with vegetables and followed by sweetened bananas for dessert.

Of course, the fellowship wouldn't be complete without singing praise-and-worship songs, picture-taking, and games that helped attendees get to know each other.

Enjoyments aside, the gathering also accepted suggestions in forming the leadership of their new ministry. The members agreed to have a Chairman, Vice-Chairman, Treasurer and Secretary, through a seven-member core group who

elected the officers among themselves immediately after the event. The core consisted of the members who initially caught the vision of the establishment of such group. Those chosen for the responsibility were Bros. Oscar Alabado, Renato Balsomo, Justy Guzman, Louie Cachero, Jude Nueva, Fernan Palting and Andrew Sunga, with Senior Pastor Mark Dantes as their adviser.

The NCF Men's Fellowship has the vision of equipping and strengthening men to be the leaders that God intended them to be, as heads of their families and as soldiers of God. Among their plans and projects are evangelistic seminars, visitation and care ministries, community services, sports activities and prayer walks. Establishing the proposed Multipurpose Annex Building next to the Sanctuary is also one of their long-term goals.

NCF members ages 25 and above are welcome and are invited to join.
