

## NCF Banaba' s Leadership Training

Because of the continuous flourishing of activities in NCF Banaba and God's greater work which we await, Pastor Albert Salipot has set his heart to further mold the current ministry heads.

Last January 30, 2010, a training to challenge the leaders to be more fervent in serving by deeply understanding their call to become leaders was opened.

"I believe that the success of this activity is also in the hands of the leader's management ability over his subordinates," Pastor Albert Salipot said during the opening of the activity. The materials used for the entire training were written by John Maxwell, a renowned author of leadership books. Those who were included in the first batch of the leadership training were Del Maluya (God's Young Servants), Gracce Mones (Music Ministry), Rhea Go (Children's Ministry), Zeny Mones (Mission Ministry), Mark Madrinian (DOTA Clan) and Jenny Mones (Dance Ministry).

To strengthen the bonds among the said leaders, Pastor Alber has also planned for the *Ministry Leaders Bonding* to be held every first Saturday of the month.

Thanks to Pastor Mark Dantes of NCF Main who passed on his wisdom and the materials that helped very much in the flourishing of NCF Banaba's leadership.

We continually ask for prayers concerning the activity. To God be the praises!
