

Missions with Navotas Police

Topping the celebration of NCF's anniversary, Senior Pastor Mark Dantes and Bro. Justy Guzman are onto God's work once again in a Saturday mission visit to the Navotas Police Headquarters.

Pastor Ed Ferrer invited them for a Bible study and they received a very warm welcome from everyone. "The work of God is very strong in the area. The police were open to the Word." says Pastor Mark, who felt so blessed with the police congregation, which numbered about 20.

There were also the songs and the wonderful testimony of Bro. Jus, who, as a member of the popular band *The Boyfriends* back in the 70's, is now glad to share his life-changing experience with God.

Bro. Justy was so excited, "The experience was different, compared to the usual places like other churches. I left them with a challenge and with the fact that there is no other answer to their burdens and problems but Jesus."

The police were very receptive to the preaching and were also very appreciative of the visit, which was a powerful backup to their regular Bible studies in the area.
