

## NCF Continues To Reach Out For Ondoy Victims

A number of Clayhouse Youth members joined hands with some of the Ladies Ministry Members in distributing goods to a total of 13 families in Forest Hills Subdivision, Quezon City last March 7, 2010.

Pastor Mark briefed the team that afternoon on what to do and how to effectively minister to the families, the same families who were recipients of NCF's help right after Ondoy. Ondoy was the typhoon that sank the majority of Forest Hills Subdivision which was one of the worst places in the Philippines affected by the calamity last year.

He expressed his joy and gratefulness unto the Lord for the wonderful privilege and opportunity for NCF to be instrumental in helping them overcome the hurdles they faced and are actually facing up to this moment. Pastor Roger Manao, currently residing in the United States, saw in our website the love and care we shared to those families. He and his friends, Brother Jared Rakes and Sister Cathy Ingham, were touched by God and willingly committed themselves to be NCF's partner for this ministry. Praise the Lord!

The team conducted interviews for the families, carefully observing their situation. The families were very cooperative in sharing to the team information that is much needed to help them even better. "We are God's instrument of blessing but we ourselves are being blessed at the same time," said Sister Dana Palting. Bro. Richard Quijano, who himself experienced the flood in Forest Hills Subdivision, shared his joy in being part of the team with his remark, "it really feels good to help others especially those who are in dire need."

Sister Lydia Tabucon and Sister Sophia Ga were so thankful that the families welcomed the team with smiles and open hearts. They prayed for them and grabbed the opportunity to share the gospel of the Lord. Sister Bella Figueras, who led the team along with her son Pastor Kirby, was so glad to see that the families have kept in their hearts the truth that there is God and that He gives ear to our prayers. All have expressed their willingness to have Bible Studies to be conducted in their places and they

even asked for Bibles. Glory be to God, three people namely Aiko, Rowena and Gemma responded to the invitation of the team and attended NCF Worship Service last March 14, 2010

The ministry to those families is not just confined in giving relief goods. It includes school supplies to children and programs for Health and Hygiene. Lord willing, livelihood education will be included to help them have their own way of earning a living. Prayerfully, more brethren will be challenged to support NCF in helping and reaching out more people for Jesus.
