

One Sumptuous Breakfast Fellowship

The sun rose to the rhythm of God's presence, for there gathered, neither two nor three, but more than 40 from the NCF congregation to attend the Breakfast Fellowship last March 26.

After short singing came the sumptuous breakfast, which aptly crowned the gathering at half past nine with lots of *pandesal*, *champorado*, dried fish and ricecakes partnered with warm coffee – quite a Filipino touch.

Still, the best part about starting the morning with Christian brethren was the fellowship.

After the chat and meal, Pastor Mark Dantes gave a few words before the members proceeded to the prayer meeting.

The attendees were divided into groups of four. Everyone's commitment is to be a prayer partner – not only for each other, but for the leaders as well.

The day's fellowship was presided by Bro. Santy Serapio. Brother Santy, who used to be a part of the NCF family, once again heard God's call to return. He then immediately pioneered new ministries for senior citizens as well as for newcomers and visitors.

The leaders, as well as the members, are hoping for more Breakfast Fellowships to come; plans and suggestions are being considered to make annual and quarterly morning gatherings.

All for the glory of God, the event concluded with a prayer, leaving the floor to the Youth Ministry in the late morning hours for their very own Sportsfest.
