

Step One: God

"In the beginning, God created the heavens and the earth." - Genesis 1:1

Have you ever wondered why the first verse of the Scriptures is "In the beginning, God.."? Why put such priority in that statement? Indeed, God placed it in the very beginning of the Bible for us to see His preeminence, that He is before and above all things. Thus, we are to embrace the truth of His Word, and to reaffirm it on a daily basis by prioritizing Him in our lives.

How do you start your day? What do you do before you begin your work in the office? When you wake up in the morning, what do you put in your mind first? Is it about God?

You should let Him take His rightful place in your heart and long for His presence, more than the way you long for others, and desire to seek His wise and holy counsel through prayer and His Word.

Did you put the preeminent God first in your heart today?
