

Youth Ministry Handles 2nd of the 18th Anniversary Sundays

In discipleship of the younger brethren in Christ, Novaliches Christian Fellowship Main gave the responsibility of handling the second Sunday of its 18th anniversary to its youth ministry, the *Clayhouse*.

For a good start, the worship team was entirely composed of youth ministry members. The praise-and-worship service was given a pleasant surprise: Worship band drummer Bro. Michael Dantes took over as songleader.

Upon prodding and popular demand since last worship ministers' meeting, Michael, or Mike to friends, took the challenge. The multi-talented Christian that he is, Michael would regularly play every instrument at its finest, from the drums and keyboards to the lead and bass guitars. According to him, songleading was a very new challenge, but not an unwelcome one.

"It was good; it was a thrilling experience," said Mike. The short statement was a good testament for the long-time member of the Worship Team, who undoubtedly partly took the ministry's

instrumentation abilities to a whole new level.

The youth band was backed by members of the Dance Ministry, many of whom are also members of *Clayhouse*.

A special number was offered by the youth band, with Sis. Dana Christine Palting singing *Ako'y Binago Niya*.

The preaching was handled by Pastor Kirby Figueras, who emphasized on the people's need for Jesus above all and any other physical, ideological or material need.

Pastor Kirby has been handling *Clayhouse* for the entire two years of its very young but exceedingly meaningful existence.

May the Lord be glorified with such young Christians who in their early age are already open to be molded by the Potter's hand.
