

Getting Closer and Closer to the Vision

“Slowly but surely” is our motto in putting up the new Mini Library and Youth Center. Repainting the building to be used for the program began just recently. With the help of several young people skilled in drawing, the walls now have designs that are very appealing to the youth. A few bookshelves were also finished, and we were able to shelve the first batch of donated books.

Part of the funds used for the project came from the “Garbage for a Cost,” a fund-raising campaign where sellable scraps of “garbage” were brought to junk shops for extra money. These then went straight to the hardware to buy the needed materials.

It was God’s grace that we received a new set of books last May 27, once again from Spurgeon School Foundation Inc. (SSFI), Makati. Additional books on Engineering, Nursing, etc., were also lent by NCF Main.

We thank Bro. Jonel Rubio, who served as our link to SSFI, as well as Mr. Rodolfo C. Floresta and the administration, for their trust and huge support for the vision that the Lord has given to our church.

There is still much work to be done yet, and we lack the capability and resources that are needed to open the program. Additional books for high school and college, as well as bookshelves, tables, and even scraps that may earn extra funds are very welcome. If you wish to help and be a part of this wonderful project, please contact Pastor Albert Salipot, via cellular phone number 09171108359.
