“ I’ve learned many things about God, it helped me grow as a believer, not just being a believer but being a blessing to other people, also I’ve learned to recognize God’s beauty of creation, how to worship God in simple things, and in seeing and experiencing the beauty of creation.

We’ve finished the series of the Relationship Principles of God, I’ve learned how to relate more to other people with Godly manner. I’ve enjoyed relating to other people exercising God’s way of communication.

I am looking forward to a greater way in growing and enjoying lessons about God.”
